Subject: Management Letter

Dear Mr. Owens:

In planning and conducting our single audit of the State of Arizona for the year ended June 30, 2005, we performed the following as required by *Government Auditing Standards* (GAS) and Office of Management and Budget (OMB) Circular A-133:

- Considered the Department of Environmental Quality's internal controls over financial reporting,
- Tested its internal controls over major federal programs, and
- Tested its compliance with laws and regulations that could have a direct and material effect on the State's financial statements and major federal programs.

Specifically, we performed tests of cash disbursements, transfers, payroll, and the Air Pollution Control Program Support program.

There are no audit findings that are required to be reported by GAS and OMB Circular A-133.

This letter is intended solely for the information of the Department of Environmental Quality and is not intended to be and should not be used by anyone other than the specified party. However, this letter is a matter of public record, and its distribution is not limited.

Should you have any questions concerning its contents, please let us know.

Sincerely,

Dennis L. Mattheisen, CPA
